

Well-known Inner West plumber gushes about first Rozelle prize home

Well-known Inner West plumber, Frank Reale, has worked in hundreds of terrace homes in the local area but says BoysTown Lotteries' latest prize home in Rozelle has to be one of the best.

The Tigertown Plumbing proprietor should know as he personally renovated the award-winning 1890s terrace home before recently selling it to BoysTown Lotteries for their first Rozelle prize home.

Located at 22 National Street, Rozelle, the prize home opens for public inspection from 1 October 2008 and will be drawn by BoysTown Lotteries on 14 November 2008.

An exceptional finish was Frank Reale's objective in refurbishing the spacious two-storey executive residence and his success is reflected throughout the home, including the living area's stunning feature wall. This was awarded Best Decorative Finish by the Master Painters' Association NSW/ACT in 2006/2007 after it was completed by John Volante of Volante's Decorating Service.

The first-class feel continues in the gleaming Caesar Stone gas kitchen, carries through to the spacious living areas overlooking a lush private garden and continues upstairs in two double bedrooms, including a main with its own sizeable balcony.

And, as you'd expect from what was previously a plumber's own home, 22 National Street boasts only the best in state-of-the-art plumbing fixtures including water temperature controls and automatic bath fills as well as a sizable water tank.

Frank Reale believes that having been born and bred in the Inner West he can say with certainty that 22 National Street also offers one of Rozelle's best locations.

"This stunning terrace home is nestled in a quiet cul-de-sac but is literally just around the corner from Darling Street's many exciting attractions," he explains.

The \$1.17 million prize package incorporates Furniture and Electrical valued at \$58,762, Gold Bullion valued at \$75,000 and \$5,000 Qantas Travel.

BoysTown Lotteries is providing an alternative prize option as part of this lottery which means the lucky winner will have the choice of this prestigious Rozelle residence or a new contemporary home at Sorrento on Queensland's Gold Coast which is accompanied by Furniture and Electrical valued at \$60,704, Gold Bullion valued at \$5,000 and \$3,000 Qantas Travel.

Funds raised by the lottery will allow BoysTown to provide a fresh start in 2008 for children, young people and families through its various community service programs including Kids Helpline and Parentline telephone counseling services.
